

How it Works

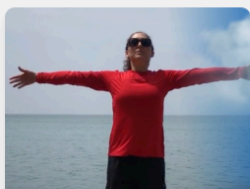

Sign up with a monthly subscription that's less than a co-pay

Answer a few questions and take a physical fitness test

Get started on a daily prescribed exercise program

Gain access to libraries of exercises and education videos

Breathe Easy, Move Freely, Live Fully

Standing Sky Reach

A gentle standing movement that stretches the arms, shoulders, and torso to promote flexibility and posture.

Our Why

With over 20 years of experience in rehabilitation, we've seen firsthand how challenging it can be for individuals with chronic disease to maintain a consistent and effective rehab routine. High co-pays, travel limitations, illness, and accessibility barriers often interrupt patients' plans of care. Forever Function was created to bridge that gap — offering a seamless way for patients to continue their rehab journey at home. The program complements clinical care, supports lasting progress, and empowers individuals to stay active, independent, and engaged in their long-term health.

Guided Home Program

www.foreverfunction.com

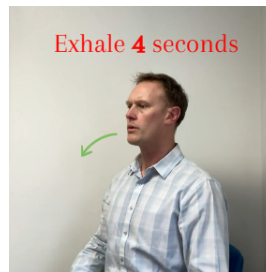

Forever Function is a comprehensive digital program designed to help individuals with pulmonary disease stay active, independent, and confident. Built by clinicians who understand the challenges of managing chronic conditions, Forever Function bridges the gap between clinic and home with guided exercise, education, and progress tracking. Designed to be fully integrated or to best supplement your pulmonary rehab program. Our mission is simple — to help every patient breathe stronger, move better, and live fully.
